_____ Initial

GMO Education Initiative Grant Application (Optional)

This application is for organizers of GMO Education Initiative approved events who wish to also apply for a **USDF GMO Education Initiative Grant**. Grants may be used to help pay for facility and/or instructor related expenses.

Grant Request Information

Grants are a maximum of \$1000.

Enter the amount of your request: _____

Up to 50% of grant funds may be available for dispersal prior to your event to help cover up front costs.

Check here if you are requesting an early dispersal

Enter the amount of early dispersal requested: _____

Enter the date early dispersal will be needed: _____

Itemize expenses that early dispersed funds will cover:

If the grant does not cover all of the expenses incurred for the event, how will the balance of expenses be funded?

GMO Education Initiative Event Objectives

A primary objective of the Grant Program is to help create more affordable educational opportunities for members. How will this event meet this objective?

Another primary objective of the Grant Program is to benefit members who have previously had limited access to instruction. How does this event meet this objective?

Will this program still occur if a grant is not awarded?

Yes No

Is this a continuation of a program the GMO/Chapter has presented in the past?

Yes No

If yes, what changes will be made to ensure the program meets the objectives of affordability and providing **new** or **expanded** opportunities for members with limited access to instruction?

How will the GMO/Chapter promote this event locally?

Describe any additional grants or sponsorships that the GMO/Chapter will be seeking:

Event Requirements Acknowledgement

The undersigned applicant understands and agrees to the following:

Responsibilities prior to the event

- All GMO Education Initiative events must obtain at least \$1 million of liability insurance coverage, naming USDF as an additional insured at least 60 days prior to the event start date.
- The GMO/Chapter will, contact instructor(s), organize, promote locally, and facilitate all aspects of the event.
- When selecting riders, the GMO/Chapter will adhere to their stated rider selection guidelines. **All riders must be USDF members of any type.**
- Auditors are not required but must be allowed and encouraged. No private events will be accepted.
- The GMO/Chapter will be financially responsible for the program.

Responsibilities at the event

- All participants, instructors, organizers, auditors and volunteers must physically sign a state specific waiver of liability for USDF. USDF will supply organizers with a digital file of this form upon application approval.
- **If you used an instructor exception request you must also use the provided evaluation forms which will be sent digitally. Remaining grant funds will not be distributed without these evaluations.**
- The organizer will compile a legible roster of all attendees and volunteers. Organizers may choose to utilize the available USDF Sign-in Sheet digital file.

Responsibilities after the event

- A complete roster of attendees, all signed waivers and a final profit/loss statement must be sent to the USDF office within 14 days of completion of the event.
- Organizers are encouraged to submit photos and an event recap for possible inclusion in USDF's Your Dressage, an electronic publication.
- If the event generates a profit, the GMO or chapter will reimburse USDF for funds distributed prior to the event, up to the break-even point.

*****Please be advised:** Organizers of programs requesting an Instructor Exception and receiving a grant will have the additional responsibility of submitting post program evaluations as an additional requirement of final grant fund disbursement. **While it is our goal to receive evaluations from 100% of participants, responses from a minimum of 80% of riders and 50% of auditors is required and it shall ultimately be the organizers responsibility to insure compliance.** Evaluation responses will help the review committee determine if the Instructor is a good candidate for future exceptions so it is critical that organizers and participants understand their role in insuring the quality of instruction and education being presented.

The information contained in this application is accurate and complete.
